Football

Football is the default sport shown when clicking on the 'Browse Sports' menu button, due to the general popularity of among punters. The first few rows give punters access to the top leagues and competitions around the world. Additionally, a list of all the covered countries, tournaments and leagues is displayed underneath in alphabetical order.

Once in a specific league, a table will instantly appear on the right side of the screen with statistics covering the matches played, wins, draws, losses, goals, and most importantly, points. Inside the fixtures themselves, UK bettors are offered a plethora of markets to choose from, a number that increases with the significance and popularity of the given game.

Horse Racing

The area is likewise

well-represented. The dedicated page is organised into three sections: Next Off, Meetings, and Ante-Post, providing bettors more options for navigating the various markets and meetings.

After digging deep into a meeting, a racecard for every individual race is displayed. A little toggle shows a wealth of information about each race and horse, including the course type, distance, jockey, trainer, weight, and form.

Cash Out

The Feature at LeoVegas lets players

cash out an unpaid bet at its present value. This gives bettors more power over their gambling activity and is ideal for those who want to limit their losses, ensure a profit, or simply avoid having to wait until the end of a game.

Bet Builder

Punters can

use the Bet Builder to create their own unique bet. In the same wager, bettors will be able to merge up to 12 distinct outcomes from the very same event, such as the winning team, the number of goals, corners, goalscorers, and tons more.

Betting Slip

An

interactive betting slip will appear at the bottom of the screen as soon as bettors begin making their selections. It's separated into three sections: Singles, Combination, and System, allowing bettors to experiment and assess the various permutations' potential outcomes. Adding and removing options is a breeze. The total odds are shown at the bottom of the bet slip, and look for the green marker that indicates whether or not the cash out function is available on that particular wager.

LeoVegas offers UK bettors the ability to bet on the majority of sports, including football, tennis, basketball, e-sports and others.

On the

LeoVegas User Experience

LeoVegas has a

modern website design with eye-catching orange and white colour scheme. The front section of the gambling website provides quick access to all major fields of interest.

The platform is rather easy to use, making it an excellent option for individuals who are new to online betting. The ability to effortlessly transition from sport to sport is very remarkable from the user's standpoint.

Unlike some other online

sportsbooks, LeoVegas does not list its sports on the left side of the page while bombarding you with endless sub-menus. Instead, when you enter the sportsbook section of the website, only the 'Live' and 'Upcoming' events are shown.

If you're not looking

for live games, you can pick your sport and league at the top of the page, then simply select between the available Events and Outrights. Overall, this layout makes things easier to find while also speeding up the wagering process.

LeoVegas bags multiple prizes for mobile betting, so there's only one way this can go.
