Roulette continues to be one of the most popular casino games in the world, especially in the UK. Through betting sites and apps, the live casino world has been growing at a frenetic rate and this has led to many different variations of roulette being played regularly.

One of these variations is European roulette, in which a different wheel is used than for American roulette.

Where to play European Roulette in the UK

Check out a list of the UK's best casino sign-up offers [here](#)

What is European roulette?

There is one main difference between European roulette and American roulette. The latter has 38 pockets and two zeros – 0 and 00 – whereas in European roulette, the wheel has 37 pockets and just one zero.

The sequence of the numbers on a European roulette wheel is also different. For example, on the right side of the zero pocket, you will find nine low black numbers – 2, 4, 6, 8, 10, 11, 13, 15 and 17 – and nine high red ones – 19, 21, 23, 25, 27, 30, 32, 34 and 36.

On the left side, there are nine high black numbers – 20, 22, 24, 26, 28, 29, 31, 33 and 35 – and nine low red ones – 1, 3, 5, 7, 9, 12, 14, 16 and 18.

Advantages to European roulette?

House edge – If you are hoping to better your chances of winning when playing roulette, then you are always better off playing European roulette because there is one number fewer on the table and this reduces the house edge, which is the most important factor to consider. The odds are 1 in 37 on getting a single number in European roulette but 1 in 38 for the American version, however the payout on both remains the same at 35/1.

Different sequence – As mentioned, the sequence of numbers on a European roulette table can be a nice change if it is not your usual version of the popular casino game.

How many numbers are on a European roulette wheel?

Again, as mentioned, there are 37 numbers on a European roulette wheel (1-36 and one zero) and 38 on an American roulette wheel (1-36, 0 and 00, which is called double zero).

Is European Roulette worth playing?

European roulette is one of the most played versions of roulette, especially in the United

Kingdom. The house edge is more favourable for players than versions such as American roulette and if you're looking to bet on numbers then this is certainly the better option.

### Kenya's Government Prepares for Protests sobre Propuesta de Ley de Finanzas

El gobierno de Kenia se prepara el martes para afrontar protestas importantes por una propuesta de ley de finanzas que muchos kenianos temen que aumentará significativamente el costo de vida al agregar nuevos impuestos amplios sobre una gran variedad de bienes y servicios.

Los grupos de protesta han pedido a la gente que ocupe el Parlamento el martes mientras BR camisetas negras y toca vuvuzelas, agregando a una oleada de ira en línea impulsada por etiquetas de hash y videos en TikTok. Los legisladores han recibido llamadas y mensajes de texto presionándolos para que rechacen la ley.

La indignación por la legislación, que tiene como objetivo recaudar más impuestos, es una de las reacciones más intensas contra el gobierno del presidente William Ruto, quien hizo campaña con una plataforma para mejorar las condiciones de vida de los pobres cuando fue elegido en 2024.

Las protestas se producen solo semanas después de que el Sr. Ruto regresara de una visita de estado a los Estados Unidos, donde firmó varios acuerdos de inversión y desarrollo con la administración de Biden destinados a aliviar la deuda y impulsar el crecimiento a largo plazo.
